

EDUCATIONAL MODEL

EXPLORATORY

GRADES	PRE-K-5	ZONES	1-4
--------	---------	-------	-----

At IPS, our Exploratory school educational model enables students to explore their academic and career interests through a full range of program offerings. Our IPS Exploratory schools provide high-quality learning experiences enriched in English Language Arts (ELA), Math, Sciences, and the fine arts through an instructional model that encourages students' curiosity and enables them to achieve their fullest potential.

CURRICULUM FOCUSES

- » College-prep coursework
- » Career readiness programs
- » Exploration of interests

WHAT TO EXPECT

- » Curriculum content areas include approaching ELA through the science of reading, core phonics, math, science, and social studies.
- » Courses provide access to arts, music, computer technology, and physical education classes.
- » Students will have the chance to explore career paths through various field experiences.

AN IN-DEPTH LOOK: EXPLORATORY

The Exploratory educational model inspires students to explore their academic and career interests to achieve their fullest potential. Teachers use rigorous college-prep curriculum and build in opportunities for enrichment, providing students with career readiness and the confidence to follow their natural interests.
